

Natural Beauty Refined.

Superior SH offers beautiful live edge wood slabs that we mill from urban salvaged logs. The logs we use would have ended-up as solid waste in the landfill, but we divert this resource to create exquisite live edge slab tables, bar tops, counter tops, kitchen islands, and more...

Live. Edge.

Superior Seating Hospitality is a family owned and operated Canadian business servicing the residential, commercial and hospitality furniture industry for over 40 years. Superior Frames is owned by two brothers, Enzo and Frank Astone who have been in the business since 1968 after emigrating from Italy. Superior Frames has attained and maintains a solid reputation for its high product quality, customization capability, quick lead times and excellent service. Enzo and Frank's active and hands on involvement in the day to day operations (which include managing a staff of over 50 employees), has contributed to the consistently high quality control necessary for our clients.

Please call to arrange a private viewing of our showroom and manufacturing facility.
